Subject Re: Omega Phase 1a Report Addendum

Hi Chris, Thanks for providing us a copy and keeping us in the loop. DTSC has reviewed the report and concurs with the report recommendations. They are adequate and appropriate and we have no comments (surprised?!), except, we look forward to receiving the information collected from the additionally planned fieldwork. Lori

Hi Lori. How is the review going for this document? If you can give me a date to expect comments that would be helpful. Thanks,

Chris
